

TP-701NT TANDEM

Designed specially for the small to mid-sized newspaper industry

Main Features

Compact Mechanical Strapping Head

TP-701N uses latest multi DC brushless motor technology to provide the highest level of accuracy currently available in the strapping machine industry.

With 30% fewer this machine parts than comparable strapping machines, TP-701NT requires fewer adjustments, has fewer wear components and requires less maintenance. The simple design of this machine makes maintenance training far easier than previous strapping machines.

Waist-High Auto Strap Feeding

Friendly design to feed the strap automatically from the upper side of coil without access to the bottom of the machine.

Adjustable Bundle Stops

It can be easily adjusted for bundle length to provide a positive bundle stop positioning and strapping placement.

Safety Guards

Protective guards designed for maximum operator safety according to CE regulations.

Adjustable Table Height

The table is adjustable to any height between 885 mm and 930 mm .

Siemens PLC Control

Provides easy troubleshooting. ;@ With touch panel (HMI) for operating instructions, adjustment, and troubleshooting guide. ;@ User friendly.

More Features

- Single phase
- Accept 5 mm , 6 mm , and 9 mm P. P. strap
- With turntable
- Patented automatic tension control for various dimension of bundles
- Up and down stream interlock with complete plug connection
- Fully automatic operation with variable conveyor speed
- Light tree alarm (dual lamp)
- Patented jammed-strap ejection device
- Press bar for flat bundles
- Adjustable pressure on press

Options

- Operator friendly low strap sensor (triple lamp)
- Soft press for convex bundles
- Press bar for concave bundles
- Lower adjustable table height between 820mm and 870mm
- Automatic side squarer

 Two single machines with a 90°X Angle Diverter (TP-701NAD)

TP-701NT (Machines with a Separate Turntable)

Capacity

Single Strapping up to 30 bundles/min.

Parallel Strapping up to 30 bundles/min.

Cross Strapping up to 20 bundles/min.

Size of Bundles

(a) Single/Parallel

Strapping

Width max 500 mm

min 150 mm

Length min 150 mm

Height max 380 mm

min 10 mm

(b) Cross trapping

Bundle Diagonals max 510 mm

Width x Length min 180x180 mm

Height max 380 mm

min 10 mm

Weight of Bundles

max 25 kg
