

TP-202MH MINI HORI

The TP-202MH (MINI HORI) Semi-Auto mobile pallet strapping machine is suitable for fruit & vegetable boxes, concrete blocks, and pallets loaded with cardboard boxes containing any type of products. It can be moved easily beside the pallet you want to strap, no need to move the stacked pallet. TP-202MH is a quick, ergonomic and economic solution for horizontal low volume pallet strapping applications.

Main Features

Adjustable Strapping Height

The strapping height is quickly and effortlessly adjustable. Allows to strap 19 cm from the floor up to 2 meters.

Easy to Change the Coil

The position of the strap dispenser is an ergonomic design. It is convenient and saves energy to change the coil of PP strap.

Control Panel on Both Sides

With the control panel on both sides of the machine, it is easy for operation.

Mobility

With high mobility big wheels, it is easy to move around.
